

Buffet Delights for MCF

GINGER, A BOTANICAL EDEN IN KAMPONG GLAM

Our all-day dining restaurant boasts a brand new look that celebrates the abundance of Singapore's natural beauty in the cosmopolitan city-state, exemplified by timbre flooring, marbled tabletops, and languidly-rotating rattan ceiling fans.

Satiate your cravings for local delights – including the Signature Crabs (Chilli and Salted Egg Yolk), our wildly popular free-flow favourite, while dining in an inviting space decked out in colours and textures inspired by the ginger plant loved for its flavours and health benefits.
