Value for money plan especially with CIS. The app is easy to use with all the additional cost and options clearly stated.

I just switched over from Starhub as my company has a CIS promo code with them. The entire process has been painless and smooth flowing. My number ported over with no problems and I received my new SIM card the same day I switched over. The numerous updates provided assured me that I would face no disruptions in service. Just got off the chat with customer service about some questions and they answered all of them to my utmost satisfaction. The customer service is top-notch and cell service has been excellent so far. I even got a Free Unlimited Data Add-on as a surprise bonus.

★★★★★ Updated on 17 Dec 2020 Purchased Circles.Life SIM Only Base Plan

Purchased the Circles.Life CIS sim-only plan a few months ago. Fastest port-in process ever. No queuing required. Everything sent to your address! No more getting a queue number and waiting 2 hours for your appointment to sign up for a new plan!

FAQs

How would the Spotify/Netflix pack work?

This is an exclusive offer just for your company! Simply scan the QR code and sign up for our Spotify/Netflix plan. We'll give you a fixed Bill Rebate (Spotify: S\$9.90, Netflix: S\$12.98) directly off your Circles.Life mobile bill every month to offset your monthly bill with the specific providers.

Do I need to activate anything extra with Spotify/Netflix to sign up with this?

Subscribe and pay directly to the Spotify/Netflix provider as usual. The perk is given as a Bill Rebate via your Circles.Life mobile bill. E.g. Netflix Pack Plan: \$12.98 will be automatically deducted from your Circles.Life monthly bill for your Netflix rebate perk. Your monthly bill will reflect \$37.02. It is not reimbursed directly on your Spotify/Netflix bill via any form or promo code.

I'm already a Circles.Lifer. Can I still get CIS benefits?

We're sad to say that only customers signing up for a new mobile plan with us (both new and transferring numbers) can reap these benefits.

The silver lining: as a Circles.Lifer, you can spread the joy by sharing your company's benefits with friends and family! Slip us your personal email [here](#) for a code usable for 5 times.

I got an email about a CIS plan for my company but I'm already a Circles.Lifer – now what?

Big congratulations and thanks are in order! If you've been part of the Circles.Life fam for over a year, we want to reward your loyalty with benefits. So fill out [this form](#), check out the details there, and the upgrades that await.

Will the CIS benefits tie me down to a contract?

No contracts ever. Nada. Zilch. Every Circles.Life customer, regardless of whether they're subscribed to a CIS program or not, benefits from the best no-contract plan in Singapore. No exceptions.

Can my friends and family enjoy my CIS benefits?

They 100% can! Please, tell them to help themselves to your CIS code (valid for up to 5 uses).

How long is my personal CIS code valid for?

Forever. Simple as that. Our offers change every month so keep a lookout for those.

How does the CIS promo code work?

After entering your corporate email on [our website](#), we will send you a personal promo code. That's your ticket to the CIS plan perks – just enter it during checkout.

What are the payment methods for my Circles.Life CIS plan?

We support credit/debit cards only. Payment is automatically deducted from the card used when you initially signed up so it's fire and forget – so long as the card is valid and has sufficient balance.

Alright, then what about delivery?

SIM card delivery starts from \$2, going up to \$6. It's FOC if you choose self-collection from your nearest post office (wink wink.)

I travel for work. Does the CIS Plan come with roaming/IDD?

Luckily for you, we've got you covered (almost) wherever you go. With our Super Roam as well as Roam Boost A and B, you're set to explore over 15 countries from \$8/mo. We've got a little something for **IDD calls** too.

The best part? You can easily toggle them on the Circles.Life app anytime, anywhere. For the true nomads, our **pay-as-you-go roaming** keeps you connected in over 177 countries.

I'm currently on a prepaid plan. Am I still good for the CIS offer?

CIS plans are only post-paid, so just request your current service provider to convert your plan to a post-paid one before making your purchase with us!

Business your way

We know there's no one-size-fits-all, so we're letting you power up your plan however you like:

Multi-sim (+\$12/mo)

One data plan across two SIMs. Use with ease across tablets, mobile dongles, Wi-Fi routers and more.

IDD calls (+\$10/mo)

Phone home whenever, wherever with 150 mins/mo across 15 countries.

Super Roam (+\$12/mo)

Stay connected with 3GB across 15 countries.

e-Sim

Available for compatible devices.

Ready when you are

To transfer, that is. Here's what's going to happen:

NOW

LATER

OVERNIGHT

TOMORROW

Order your desired plan. Trust us with your current number. Sit back and relax. We're bringing you to Circles.Life.

Receive your new SIM (and phone). Subject to delivery availability.

Rest easy as your number is transferred overnight. No disruptions whether you're asleep or awake.

Welcome aboard! You and us. Kind of a big deal.
